QUICK TIPS

PART 2

Checkout Part 1

Combine objects

```
const instagram = { igTag: '@thecodecrumbs' };  
const website = { url: 'www.thecodecrumbs.com' };  
  
const socials = {...instagram, ...website};  
  
// Result: {igTag: "@thecodecrumbs", url: "www.thecodecrumbs.com"}
```

Shuffle an array

```
function shuffle(array) {  
  array.sort(() => Math.random() - 0.5);  
}  
  
let arr = [1, 2, 3, 4, 5];  
shuffle(arr);  
  
// Result: [3, 1, 5, 4, 2]
```

Short-circuit conditional

```
// Before
if (isFollowing) {
    sayThankYou();
}

// After
isFollowing && sayThankYou();
```

Dynamic property names

```
const dynamic = 'website';

var socials = {
  tag: '@thecodecrumbs',
  [dynamic]: 'www.thecodecrumbs.com'
}

// Result: {tag: "@thecodecrumbs", website: "www.thecodecrumbs.com"}
```

Flatten an array

```
const array = [1, 2, [2, 3, 4], 8];  
const newArray = array.flat();  
  
// Result: [1, 2, 2, 3, 4, 8]
```

Return shorthand

```
// Before
function myFunc() {
    foo();
    bar();
    return 1;
}

// After
function myFunc() {
    return foo(), bar(), 1;
}
```

Resize an array

```
var array = [1, 2, 3, 4, 5];  
array.length = 2;  
  
// Result: [1, 2]
```
